FLOOD INSURANCE SEMINAR

Landmark was so excited to be able to offer a flood seminar to our area realtors. The seminar was held at the Coastal Realtors office in Berlin with a capacity crowd. We had fabulous presenters from ASSURANT and SMARTVENT, a great lunch AND CE credits!!

Our very own Heather McClenahan and Erika Lind were on hand to offer assistance on the process of obtaining flood insurance through Landmark.

The seminar was such a success that we have been asked to hold another, so back by popular demand our second "Get Flooded With Sales" seminar will be held at the Coastal Realtors office on **Monday November 14th, 9:00– 10:30**. This seminar is open to everyone so please contact Marie at Coastal Realtors @ **410–641–2995** very soon as seating is limited!

Claim season is upon us resulting in wind and water damage from hurricanes, flooding, electrical fires, etc. The claims process can be stressful and **Landmark** is here to help.

The more information that you as the insured can provide to the claims department when tragedy occurs helps to expedite the

process so that you are well on your way to restoration quickly. One tool that could be invaluable is a household inventory. Maintaining an up to date record of your personal property will enable you to supply necessary information in a timely manner. For more information on the claims process call Ryan at 410-651-2110.

THE SAVVY INDEPENDENT

There's nothing like a category 4 hurricane bearing down on the East Coast to reinforce your preparedness plan or the lack thereof. Hurricane season does not officially end until November 30th and at Landmark Insurance & Financial Group we realize that when disaster strikes, our customers need us the most. You can count on us to be accessible and operational.

Many of the areas that we serve are coastal and could be adversely effected by just a slight turn in the path of an impending hurricane. We would like to offer a preparedness suggestion for you during this hurricane season.
